

# TYPO CASH SOLUTIONS

## Brand Guidelines

"Quick Cash, Real Solutions"

Version 1.0 | March 2026 | Confidential

# 1. Brand Story & Positioning

## Mission

Typo Cash Solutions exists to provide quick, regulated, and affordable financial access to working people in Botswana, bridging the gap between paydays with dignity and trust. We believe responsible micro-loans should be a friendly financial helper, not a burden.

## Vision

To become Botswana's most trusted digital financial companion, empowering salaried workers and the informal sector to manage unexpected expenses with ease and speed, setting the standard for transparent micro-lending in Southern Africa.

## Brand Values

**Transparency:** No hidden fees, no surprises. What you calculate is what you repay.

**Speed:** Funds disbursed in minutes, because some cash solutions can't wait.

**Fairness:** Licensed by NBFIRA, we operate with ethical, regulated pricing models.

**Approachability:** A friendly, non-judgmental digital partner that speaks your language.

**Security:** We protect your data with 256-bit encryption and robust security protocols.

## Brand Personality

Imagine a reliable friend, age 28, who is both a skilled financial advisor and an optimistic cheerleader. They talk plainly, are encouraging, look sharp but are never cold or corporate. They make you feel comfortable and safe.

## Voice & Tone

**Words we USE:** quick, simple, transparent, your, together, fair, friendly, trusted, easy

**Words we AVOID:** loan shark, debt, owe, risk, penalty (customer-facing), "interest rate" (use "fee" or "cost" in marketing)

## Competitive Positioning

Unlike traditional lenders (Letshego, Bayport), Typo Cash Solutions is faster, fully digital (PWA-first), and focuses specifically on small, short-term needs (P500 to P7,000) for both salaried and informal earners in Botswana. We are the friendly alternative to high-cost, aggressive microlenders.

## 2. Logo System

### Primary Logo Concepts

Three foundational concepts were developed. **Concept 2 (Trust/Growth Shield)** is the selected primary direction, combining NBFIRA-regulated security (shield) with financial growth (Pula symbol + upward trend line).

**Concept 1 (TC Monogram/Speed):** Interwoven T and C with sweeping arc suggesting forward motion. Abstract and memorable.

**Concept 2 (Trust/Growth Shield) — SELECTED:** Soft shield with stylized Pula currency symbol integrated with upward trend line. Combines security with speed. Works excellently at all sizes.

**Concept 3 (Geometric Connection):** Circular mark of overlapping segments with arrow negative space. Emphasizes connection and flow.

### PWA App Icon

The standalone shield icon on sky-blue background, optimized for mobile home screens and favicons.

## Logo Usage Rules

**Minimum size:** 120px wide (digital) / 30mm (print). Icon alone: 16px minimum.

**Clear space:** Minimum padding = height of the 'T' in Typo on all sides.

**Approved backgrounds:** Solid white, Slate-50, Sky-blue gradient, solid Sky-500 (white reversed logo).

**Logo misuse (NEVER do these):**

Do not stretch, distort, change colors, add effects (shadows/gradients/outlines), place on busy backgrounds, rotate, or rearrange elements.

# 3. Color System

The palette centers on sky blue for trust and warmth, with neutral slates for content and semantic colors for status states.

| Color              | Hex     | Usage                               |
|--------------------|---------|-------------------------------------|
| Sky Blue (Primary) | #0EA5E9 | Main brand, buttons, links, headers |
| Sky Blue Dark      | #0284C7 | Hover states, active elements       |
| Sky Blue Light     | #E0F2FE | Tinted backgrounds, selected states |
| Sky Blue Wash      | #F0F9FF | Page backgrounds, subtle tints      |
| Slate 900          | #0F172A | Primary text, headings              |
| Slate 700          | #334155 | Body text, descriptions             |
| Slate 500          | #64748B | Secondary text, labels              |
| Slate 200          | #E2E8F0 | Borders, dividers                   |
| White              | #FFFFFF | Cards, content areas                |
| Success            | #10B981 | Approved, completed, active         |
| Warning            | #F59E0B | Pending, review needed              |
| Danger             | #EF4444 | Overdue, declined, errors           |

**Color usage ratios:** 60% white/neutral, 30% sky blue, 10% semantic colors.

**Primary gradient:** linear-gradient(135deg, #38BDF8, #0EA5E9, #0284C7) — hero sections and CTAs only. Never on body text.

**Accessibility:** Sky blue passes WCAG AA against white (#FFFFFF) and dark (#0F172A) backgrounds. Never use sky blue for body text on white — it fails contrast. Use Slate-700 minimum for body text.

The mockup shows a mobile app interface for 'Typo Cash Solutions'. It includes a header with the logo and a menu icon. The main content area features a large heading 'Quick Cash, Real Solutions.' followed by a subtext 'Friendly, regulated loans in Botswana (P500-P7,000)'. Below this is an 'Apply Now' button. A section titled 'How it Works' shows a sequence of steps: 'H1 Get Funded in Minutes', 'Results', 'Total Repayable: P1,375', 'Instalment: P1,375', and another 'Apply Now' button. At the bottom, it mentions 'Licensed by NBFIRA sky-700 on sky-50 bg'.

**Primary font:** Plus Jakarta Sans (Google Fonts) — modern, geometric, friendly, highly legible on mobile.

**Monospace font:** JetBrains Mono (Google Fonts) — clear tabular rendering for financial figures (P500, P1,250.00, P7,000).

| Style      | Size                | Weight        | Usage                              |
|------------|---------------------|---------------|------------------------------------|
| Display    | 36px / 48px desktop | 700 Bold      | Hero headlines only                |
| H1         | 30px / 36px desktop | 700 Bold      | Page titles                        |
| H2         | 24px / 30px desktop | 600 Semi-Bold | Section headings                   |
| H3         | 20px                | 600 Semi-Bold | Card titles                        |
| Body       | 16px                | 400 Regular   | Default body text                  |
| Body Small | 14px                | 400 Regular   | Secondary text, captions           |
| Caption    | 12px                | 500 Medium    | Labels, badges, timestamps         |
| Money      | Variable            | 500 Medium    | Financial figures (JetBrains Mono) |

**Rules:** Maximum 2 font weights per screen. Financial amounts ALWAYS use JetBrains Mono. Body text minimum 16px on mobile. Line length 45-75 characters.

## 5. Spacing, Layout & Radius

**Base unit:** 4px. Scale: 4, 8, 12, 16, 20, 24, 32, 40, 48, 64, 80, 96px.

### Component Spacing

| Element         | Mobile          | Desktop             |
|-----------------|-----------------|---------------------|
| Card padding    | 24px            | 32px                |
| Card gap        | 16px            | 24px                |
| Section padding | 48px vertical   | 80px vertical       |
| Button padding  | 12px V / 24px H | 12px V / 24px H     |
| Input padding   | 12px V / 16px H | 12px V / 16px H     |
| Page margin     | 16px            | 24px (max-w 1280px) |

### Border Radius

| Element      | Radius          |
|--------------|-----------------|
| Cards        | 12px            |
| Buttons      | 8px             |
| Inputs       | 6px             |
| Badges/Chips | 9999px (pill)   |
| Avatars      | 9999px (circle) |
| Modals       | 16px            |

### Shadows

**Card:** 0 1px 3px rgba(0,0,0,0.1), 0 1px 2px rgba(0,0,0,0.06)

**Card hover:** 0 4px 6px rgba(0,0,0,0.1), 0 2px 4px rgba(0,0,0,0.06)

**Modal:** 0 20px 25px rgba(0,0,0,0.1), 0 8px 10px rgba(0,0,0,0.04)

**Button:** 0 1px 2px rgba(0,0,0,0.05)

## 6. Component Standards

Typography specimen, component examples, and mobile landing page mockup

### Buttons

**Primary:** Sky-500 bg, white text, rounded-lg (8px), shadow-sm. Hover: sky-600. Height: 44px (touch-friendly). Full-width on mobile.

**Secondary:** White bg, sky-500 border (1px), sky-500 text. Hover: sky-50 bg.

**Danger:** Red-500 bg, white text. Hover: red-600.

**Ghost:** Transparent bg, sky-500 text. Hover: sky-50 bg.

**Disabled:** Slate-200 bg, slate-400 text. No hover or shadow.

### Input Fields

White bg, slate-200 border, rounded-md (6px), 44px height. Focus: 2px sky-500 border + sky-100 ring. Error: red-500 border + red helper text. Labels: slate-700, 14px, 4px gap above.

### Cards

White bg, rounded-xl (12px), shadow-sm, 24px padding. Interactive hover: shadow-md + translateY(-1px).

### Status Badges

Pill-shaped (9999px radius), 12px text, 4px/8px padding. Light bg + dark text: emerald-100/emerald-700 (approved), amber-100/amber-700 (pending), red-100/red-700 (overdue), sky-100/sky-700 (info).

### Loan Status Cards

**Active:** Sky-100 left border (4px), sky icon, amount + next payment. **Overdue:** Red-100 left border, red icon, overdue amount. **Closed:** Emerald-100 left border, check icon. **Cooling off:** Amber-100 left border, clock icon.

### ***NBFIRA Trust Badge***

Shield icon + 'Licensed by NBFIRA' text in sky-700 on sky-50 bg with rounded-lg (8px). Must appear on: landing page, application form, payment page, all generated documents.

## 7. Iconography

**Icon set:** Lucide Icons (open source, consistent outline style).  
**Style:** Outline, 1.5-2px stroke weight. **Sizes:** 16px (small), 20px (default), 24px (large).  
**Color:** Inherit from parent text, or sky-500 for interactive elements.

| Use Case   | Lucide Icon           |
|------------|-----------------------|
| Home       | Home                  |
| Apply      | PlusCircle / FileText |
| Loans      | Wallet / CreditCard   |
| Profile    | User                  |
| Calculator | Calculator            |
| Speed      | Zap                   |
| Security   | Shield / Lock         |
| Approved   | CheckCircle           |
| Warning    | AlertTriangle         |
| Error      | XCircle               |
| Money      | Banknote              |
| Upload     | Upload                |

## 8. Photography & Motion

### Photography Style

**Subjects:** Working Batswana professionals, market vendors, families, urban Gaborone. **Tone:** Warm, optimistic, genuine, never posed/corporate.  
**Treatment:** Bright, warm grading, slight desaturation to keep sky-blue as dominant color.  
**NEVER use:** Generic non-Botswana stock photos, dark/moody images, images showing financial stress.  
**Illustrations:** Simple line art in sky-500 for empty states, errors, onboarding.

### Motion & Animation

**Transitions:** 200ms ease (color/opacity), 300ms ease-out (position/size). **Page transitions:** 150ms fade.  
**Loading:** Skeleton screens with sky-100 shimmer (never spinners).  
**Micro-interactions:** Button press scale(0.98), card hover translateY(-2px) + shadow increase, success checkmark draw animation.

**NEVER:** Bounce, aggressive shake, flash, or any jarring motion.

## 9. Accessibility

All text meets WCAG AA contrast (4.5:1 normal, 3:1 large). Focus: 2px sky-500 ring on all interactive elements. Touch targets: 44x44px minimum. Respect **prefers-reduced-motion**. Color is never the only state indicator (always paired with icon/text).

## 10. Brand Do's and Don'ts

| DO                                        | DON'T                                           |
|-------------------------------------------|-------------------------------------------------|
| Use sky blue as dominant brand color      | Use dark/aggressive color schemes               |
| Keep layouts clean and spacious           | Use financial jargon borrowers won't understand |
| Use friendly, encouraging language        | Hide fees or costs                              |
| Show real financial figures (transparent) | Use stock photos that don't represent Botswana  |
| Display NBFIRA licence prominently        | Make the brand look like a loan shark           |
| Make mobile experience the primary target | Use red as a primary color (errors only)        |
| Use skeleton loaders, not spinners        | Create dense, cluttered interfaces              |
